## CASE HISTORY OF BIOREM 2000 USE AT THE NEW MADRID POWER PLANT

1. Used to treat the oily film in the plant oil/water separator on a weekly basis.
2. Used successfully to clean up a transformer oil spill in the plant switchyard.
3. Used effectively in an emergency cleanup of oil from an overflow of the plant oil/water separator.
4. Used in 2 parts washers as an aqueous based parts cleaner.
5. Used for cleanup on the low river barge pumping operation.
6. Used to cleanup the rotary car dumper facility.
