- 💧 **Powerful** - Multi-purpose cleaner based on Nano technology
- 💧 **Versatile** - Quickly penetrate and dissolves both dry and greasy soils on any water safe surface
- 💧 **Effective** - Pleasant to use and leaves cleaned surfaces and surround and surroundings areas smelling naturally clean
- 💧 **Safe** - Bio-based using only 100% all-natural ingredients.

What is Total Surface Care™?

Total Surface Care is a fragrance-free, multi-purpose cleaner with high cleaning performance. Provides rapid drying and a superior, streak-free cleaning to remove dirt and smoke film from a variety of surfaces. Highly-dilutable formula applied with a mop, auto scrubber or spray-and-wipe cleaning.

What is Nano Natural Technology?

Nano-Natural Technology is the use of extremely small molecular structures and all natural ingredients. One nanometre (NM) equals one ten-thousandth of the thickness of a human hair. Nano-Natural Technology involves Active-Nanoids which dissolve and remove soil from any surface without using chemicals. Total Surface Care™ breaks down soil and stains into microscopic particles that disperse in water and repel one another. The particles are then easy to remove and less likely to re-adhere to the cleaned surfaces. The molecular structure of these particles is so small they can forcefully penetrate molecules of daunting stains and soil for quick and easily removal.

Where to use?

Especially designed for everyday cleaning of kitchens, mirrors, glass, waxed floors, chrome, restrooms, porcelain, fiberglass, appliances, stainless steel, countertops, vinyl and walls.

How to Apply?

Contact your Traderite Solutions representative for assistance and advice.

General Cleaning: Spray surface and wipe clean with sponge, cloth or rinse with water.

Mopping: Rinse mops frequently and change solution as needed.

Auto Floor Scrubber: For best results, employ the double-scrub method.
